Yevhenii Morozov

Front-end Developer (JavaScript, TypeScript, React, Next.js)

Work Experience

Clario ([LinkedIn](#))

07.2021–07.2025

- Developed front-end web applications using React, Next.js, and Vanilla JavaScript
- Built modular and reusable UI components and implemented scalable client-side logic
- Integrated RESTful APIs using Fetch, AJAX, and Axios
- Added multilingual support via Laravel (PHP) localization
- Optimized performance using code splitting, bundling, and lazy loading
- Improved SEO with semantic HTML, meta tags, and Schema.org integration
- Conducted A/B tests to enhance user experience
- Integrated analytics tools (Google Analytics, internal tools)
- Created and automated email templates via Customer.io
- Configured and integrated payment gateways

Education

- **National Aviation University** (2020-2021)
Master's Degree, Software Engineering
- **Borys Grinchenko Kyiv University** (2017-2020)
Bachelor's Degree, Computer Science

Skills

- **Front-end:** JavaScript (ES6+), TypeScript, React, Next.js, Redux, Axios, AJAX, REST API
- **UI & Styling:** HTML5, CSS3/SCSS, Material UI, responsive/adaptive layout, cross-browser compatibility, custom components, layout integration, email templates
- **Testing & Tools:** Jest, Webpack, Vite, Git (GitHub/GitLab), CI/CD (GitLab CI, GitHub Actions), Postman, Docker
- **Back-end (basic):** Laravel (PHP, Blade), CKEditor, Customer.io
- **Other:** SEO optimization, A/B Testing, Figma, SOLID principles
- **Soft skills:** teamwork & effective communication, problem-solving, proactive approach, ability to work independently and mentor colleagues

About Me

Front-end developer with 4 years of commercial experience building modern web applications using JavaScript, React, and Next.js.

Collaborated effectively with cross-functional teams including front-end, back-end, and QA engineers.

Handled tasks from estimation to production release, proposed improvements, and implemented features that enhanced user experience and product stability.

Focused on code quality, performance, and maintainability.
